

Entris[®] II Advanced Line

The new Entris[®] II balance is always the right choice

Our Entris[®] II Advanced Line gives additional value to the Entris[®] II portfolio with over 38 models offering benefits such as real-time level support, integrated protection systems, Cal Audit Trail, a graphic touch display and 13 built-in application programs.

Features & Benefits

- Simplifies balance leveling with built-in real-time level support
- Increases reliability of weighing results using integrated protection systems
- Controlled access to balance settings with user management
- Gapless documentation thanks to CalAuditTrail

Get a free Printer
and Cable

Buy a select Sartorius Entris® II Advanced Balance and receive a free YDP20- OCE printer, Power Supply (YEPS01-PS4) and cable (YCC-D09MF)

The printer meets the quality standards from the chemical and pharmaceutical industries, which are introduced in the research sector under the term GLP and in production under the term GMP. In addition to individual weighing data, the printer can also be used for statistical evaluation of weighing data. For this purpose, all weight values received from the balance are stored.

Special offer valid only for the NA until December 31, 2021. It cannot be used in combination with other special offers.
